

Epson Stylus Office B42WD

DATASHEET

Designed to help small businesses save time and money, this duplex A4 inkjet has zero warm-up time and fast print speeds for instant results, and boasts a colour cost per page that's up to 50 percent lower than laser competitors¹. The whole office can benefit thanks to built-in Ethernet connectivity and Wi-Fi.

Offering superb paper-handling flexibility, the B42WD features automatic double-sided printing, reducing paper usage by up to 50 percent, cutting costs and environmental impact. The printer can also use a wider variety of media than a laser. Changing or refilling paper is easy with the front-loading paper tray, which holds up to 250 sheets of A4 plain paper.

Epson's DURABrite Ultra Ink delivers sharp, laser-like text and vibrant colours for full colour charts and graphics. What's more, it dries instantly, and is water, smudge, fade and highlighter resistant – perfect for important documents.

With Epson's individual ink cartridges, only the colour used needs to be replaced, and further savings can be made with a choice of cartridges to meet your needs, including XL inks for high volume printing. The B42WD's ENERGY STAR-qualified power efficiency helps reduce energy bills and environmental impact.

KEY FEATURES

- Fast, business-quality printing
- Automatic double-sided printing
- Built-in Ethernet and Wi-Fi
- Front-loading 250 sheet paper tray
- XL inks for high volume, low-cost printing

FOR THE BEST RESULTS ALWAYS USE GENUINE EPSON INK AND PAPER
