## Epson Stylus S20

### Stylish document and photo printer

The Epson Stylus S20 is perfect for all your home printing, from text to A4 lab-quality borderless photos. It's cost effective too, because with individual ink cartridges you only replace the colour you use.

It's so easy to bring quality to your home printing. Whether you print documents or photos, the Epson Stylus S20 coupled with Epson's DURABrite™ Ultra Ink prints high-quality documents and lab-quality photos that are water, smudge and fade resistant.

With Epson's range of software and print speeds of up to 26 ppm you really get great and fast results. Whatever you print, you can save money with individual ink cartridges.
