

# WorkForce Pro WF-5620DWF

This 4-in-1 business inkjet printer helps cut printing costs by up to 50%<sup>1</sup> and energy consumption by up to 80%<sup>1</sup>.

The 4-in-1 WF-5620DWF benefits from low running costs, low power consumption, fast print speeds and features designed for easy business integration. Automatic double-sided printing, scanning, copying and faxing make any job easy and efficient, perfect for the business environment. Direct print and scan using a USB memory stick, and securely print using a PIN code to release jobs at the printer.

## Low running costs

The multifunction WorkForce Pro WF-5620DWF has an up to 50 percent lower cost per page than competitive colour lasers<sup>1</sup>, saving you money as you take advantage of this printer's high capacity ink cartridges of up to 4,000 pages<sup>2</sup>. And there are fewer parts to replace than a laser.

## Ecological

The WF-5620DWF uses up to 80 percent less power than competitive colour lasers<sup>1</sup> thanks, in part, to its no heat technology. No ozone gases are emitted, and an improved quiet print mode and no fan noise during or after printing makes it ideal for the work environment.

## Save time

This efficient business printer is faster than a laser on typical print jobs<sup>1</sup>, with print speeds of up to 34ppm in mono and 30ppm in colour, or 20ppm ISO print speed in both<sup>3</sup>. Its high paper capacity of 580 sheets means less time is spent refilling, and it has a high monthly duty cycle of up to 35,000 pages<sup>4</sup>.

## Built for business

PrecisionCore technology powers the output quality that Epson is known for, at the speeds required for office, commercial and industrial printing. Prints dry fast thanks to the DURABrite Ultra ink. Scan-to functions and LDAP support help this printer easily integrate into the business environment. Its intuitive colour touch-screen makes functions readily available, and the rear manual paper tray lets you print on a range of media.
